Dear Mr. Castleberry:

In reference to the letter from your office dated 13 February 1978 (D30-GWMP) stating that a traffic engineer would review the traffic merge situation at the ramp from CIA to the Northbound Parkway lanes, we were advised telephonically on 14 September 1978 that a study of this area would be conducted during Fiscal Year 1979. Since we are concerned with this matter, could you please advise me of the results of your survey and any anticipated actions that will be taken.

Sincerely,

Chief
